Professional Summary

As a skilled Fullstack developer, I specialize in building robust and scalable web applications. With expertise in MongoDB, Express.js, React.js, and Node.js, I deliver high-quality, user-friendly solutions. My experience includes optimizing performance, enhancing security, and collaborating effectively with cross-functional teams. Passionate about continuous learning, I stay updated with industry trends to bring innovative ideas to every project.

Skills & Qualifications

- **Fullstack Development:** Proficient in MongoDB, Express.js, React.js, and Node.js.
- **JavaScript Expertise:** Advanced knowledge of ES6+ features, asynchronous programming, closures, and higher-order functions.
- **Shopify Development:** Skilled in Liquid language for developing custom Shopify themes.
- **API Design:** Strong experience in designing and developing RESTful APIs and integrating third-party services.
- **Version Control:** Proficient in Git, with experience in collaborative workflows, branching, and merging.
- **Responsive Design:** Expertise in creating mobile-first web applications using Bootstrap, SASS, and LESS.

- **Additional Technologies:** Redux, Vercel, Heroku, AWS, Appwrite, Stream, Cloudinary, Stripe.

Technical Stack

- **Languages:** JavaScript, Node.js, Python, SQL, Java.
- **Backend Frameworks:** Express, NestJS, Django, Spring Boot.
- **Frontend Frameworks:** React, Next.js, React Native.
- **Databases:** MongoDB, MySQL, PostgreSQL, Prisma, Firebase, Supabase.
- **Other Tools:** Git, Docker, Kubernetes, Jenkins, Terraform.

Professional Experience

Fullstack Developer | BarelyHuman Organization

January 2024 - March 2024

- Designed and developed custom Shopify themes using Liquid and Tailwind CSS.
- Implemented secure payment gateways (GPay, ShopPay, PayPal) to enhance user experience.
- Managed fullstack development, optimizing site performance and ensuring cohesive user experiences.
- Deployed and maintained Shopify sites, ensuring high availability, scalability, and security.

Frontend Tech Instructor | Etiwa Tech

October 2023 - February 2024

- Developed and delivered a cutting-edge curriculum covering HTML, CSS, JavaScript, and modern frontend frameworks.
- Conducted interactive training sessions, providing hands-on experience in building responsive web applications.

- Mentored students, offering career guidance and helping them achieve their professional goals.

Junior Developer | Tech Innovate Solutions

January 2023 - September 2023

- Collaborated on responsive web applications using the MERN stack.
- Developed RESTful APIs, improving data management efficiency by 20%.
- Enhanced application security with JWT and OAuth authentication.
- Optimized frontend performance, reducing load times by 30%.
- Conducted unit and integration testing with Jest and Mocha.

Software Engineering Intern | Softnotch

June 2022 - December 2022

- Assisted in the development of internal tools using Python and Django.

Participated in database management using PostgreSQL, optimizing queries for better performance.

- Contributed to the development of automated testing scripts, increasing test coverage by 25%.

Latest Project

Healthcare Platform (CarePulse)

Project link: <https://carepulse-rouge.vercel.app/>

- Developed a comprehensive healthcare platform using Next.js, Appwrite, TailwindCSS, and ShadCN to streamline patient registration, appointment scheduling, and medical records management.

- Designed and implemented user-friendly registration forms with integrated validation to ensure accurate and complete data entry.
- Created an intuitive appointment scheduling system, allowing patients to book, reschedule, or cancel appointments, integrated with calendar views for managing availability.

Education

Bachelor of Science in Computer Science

University of Lagos, Nigeria

Certifications

- **AWS Certified Solutions Architect – Associate.**
- **Google Professional Cloud Developer.**
- **Certified Kubernetes Administrator (CKA)**

Professional Development

- Attended the React Summit 2023 to stay updated with the latest trends and best practices in React development.
- Completed online courses on Advanced Node.js and Microservices Architecture.
